Still Life

This play follows the progress of three "romances". The main story follows Laura and Alec, two respectable married people who meet by chance and fall in love, with the knowledge that there is no hope for their affair.

Behind this we have the comical flirtation of Albert and Myrtle, who are both unattached and old enough to know better! And the blossoming of Stanley and Beryl's gauche courtship.

The action takes place in the busy refreshment room of Milford Junction station in the late 1930's

This piece is probably better known as the title under which it was filmed, "Brief Encounter".

"THAT'S ENTERTAINMENT"

Directors Note

On behalf of the Peacehaven Players it is my privilege to welcome you all to our autumn production. In keeping with the era of our play we will be presenting a medley of familiar songs from the 20's & 30's which include That's Entertainment, Anything Goes, Carolina Moon, Let's Fall In Love and many more, with plenty of dance routines plus some spirited tap!

Peacehaven Players have a broad range of talented performers and this evenings showcase is the perfect vehicle for displaying that talent. I'm sure you will enjoy the show and look forward to seeing you all for our next production.
